## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 2-3, 19, and 33-42 are rejected under 35 U.S.C. 102(b) as being anticipated by Bolanos (U.S. 5,423,858). Please refer to paragraph 2 in the office action dated May 16, 2005.

### ***Claim Rejections - 35 USC § 103***

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 13-14, 16, and 19 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bolona. Please refer to paragraph 4 of the above cited office action.

### ***Response to Arguments***

5. Applicant's arguments filed 10/21/2005 have been fully considered but they are not persuasive. Applicant's amendments to claim 1 have introduced functional language that fails to distinguish the current invention from the prior art as the prior art continues to teach the structural limitations. As best understood by the examiner, the prior art device is capable of performing the broadly claimed function. With respect to arguments drawn towards claim 13, Applicant's arguments amount to a mere allegation of patentability and non-obviousness. With regards to Applicant's arguments drawn

Art Unit: 3764

towards 'the receptacle', Examiner respectfully disagrees. Based on Applicant's definition of the word receptacle as supported in the elected figures, the prior art recites 'a receptacle' inasmuch as the current invention.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
